Your path to a graduate salary

Do you have ambitions of getting a degree but aren't sure how to get started?

Lambeth College and LSBU's unique partnership could be your route in to a fantastic graduate career. Working towards a graduate salary has never been more achievable. Lambeth's University Access courses give you a supported path to higher education with LSBU.

If you study an access course at Lambeth you'll:

- 1 Get priority access and reduced entry requirements to LSBU courses
- 2 Get the cost of your access course refunded upon graduation
- 3 Get support every step of the way

A partnership that works for you

Get the tools to set you up for a top graduate career

Thanks to our new partnership, you'll get priority access and reduced entry requirements to LSBU after completing a University Access Course with Lambeth. You'll also get support all the way through the application process as well as during your studies.

From 1-2-1 advice sessions and taster days to campus tours and access to LSBU services, we'll make sure you're ready to get your university career off to a flying start!

What's more, if you're 19 and over, we'll help you apply for an Advanced Learner Loan where you could get the cost of your access course refunded! Search 'Advanced Learner Loan' at www.gov.uk for more information.

Why choose LSBU?

If you're ambitious with a 'can do, will do, go do' attitude, you should be at LSBU.

You can expect:

- Guest lectures from expert academics
- Teaching from top professionals in their field
- Advice in preparing applications
- Preferential entry requirements
- Practical experience
- A vibrant and diverse student community
- Access to the Academy of Sport

Voted University of the Year for Graduate Employment 2018 by the Sunday Times Good University Guide and the top UK Modern for graduate starting salaries, this is a place where you can thrive.

Get creative

Take the first step towards a creative career

Would you like to be a world class photographer? Or do you see yourself as a game designer or even a journalist? There's nothing holding you back.

Lambeth's progression routes will help you fulfil your creative potential. After completing your HE diploma, you can begin your degree with LSBU in the heart of London, the centre of the world's cultural capital.

State of the art equipment

You'll have access to world class film and sound studios, performance spaces, a professional newsroom, game design studios, high specification edit suites and industry ready filming equipment to allow you to develop your skills.

Industry leading partnerships

LSBU has access to all the creative big-hitters. You'll be exposed to links with everyone from the BBC and BAFTA to BFI, Globe Theatre, Old Vic, NEWS UK, The Photographer's Gallery and new media outlets such as LADbible.

Real-world ready

You'll become real-world ready, with a portfolio to be proud of and work experience that'll give you the edge.

- **Access to HE Diploma in Creative and Digital Media (Level 3)**
- **Access to HE Diploma in Creative and Digital Media, Photography (Level 3)**

Get in to Engineering

'Accredited. Applied. Professional'

No matter who you are or wherever you come from, if you are interested in new engineering developments such as robotics, photovoltaics and drones, Lambeth's engineering progression courses will provide the foundation for a degree at LSBU.

Join industry leaders

From your first year at the University, you'll be exposed to accredited courses from professional bodies and companies such as Schlumberger, TFL and McLaren Automotive.

An inspirational environment

All courses are delivered by expert staff in a top of the range environment such as designing and modelling engineering systems in our £1.4 million 3D Virtual Engineering Lab or making your own solar panels using industrial standard equipment.

A place to thrive

Ranked the number 1 modern university in London for Electrical and Electronic Engineering (Sunday Times League Table 2017 guide) and number 2 for graduate starting salaries in Engineering and Technology (Sunday Times Good University 2017 guide).

Fulfil your potential. Get started today.

- **Access Electrical & Electronic Engineering (Level 3)**
- **Access Civil Engineering (Level 3)**

Get in to Health and Social Care and Applied Sciences

Make a difference and earn great money doing it

Lambeth's progression courses could see you thrive in LSBU's School of Health & Social Care or School of Applied Sciences. You can become what you want to be. Whether your goal is a career in Nursing, Forensic Science, or Psychology - Lambeth's University Access courses will kickstart your LSBU career.

Get ready for work!

At LSBU, it's all about real-world, practical learning. You'll spend time on placements at world-reknowned institutions that match your course. Working towards a degree in health and social care? You might find yourself learning on the job and delivering care at an NHS Trust. Or is it your ambition to have a career in applied sciences? You'll be job ready after a placement with a world famous organisation like the Metropolitan Police Service.

No matter what you study, LSBU's focus on real world learning will leave you highly employable and ready to make your impact after graduation.

Join our successful Alumni

You'll hit the ground running after graduating from LSBU. We've got alumni making amazing contributions in both food and human science, psychology, the NHS, and much more. You could make a difference too. Join them.

- **Access to Medicine & Medical Biosciences (Level 3)**
- **Access to Health & Human Science (Level 3)**
- **Access to Higher Education Diploma in Social Work (Level 3)**
